Published on Aug 5, 2015 An interesting presentation by Fritz Springmeier. I cleaned this up, treated the video and maxed the audio. It looks better than I've ever seen it before!

As informative as Fritz's information is, it is disturbing how he includes Merovingians in with the satanic bloodlines. He is confused on who The Merovingian actually are, they are not a bloodline. They are the progenitors of soul humans. The others are entity blood lines that run down the patriarch, while the Merovingian run down the Matriarch line.

That's where this video was originally filmed. The location was Kansas City. I asked Fritz if he had done any further work with Stan Johnson and the Prophecy Club, but [Read more](#)
