

316	mysterious had happened the guy who was running one of our occult stores had an over dose that	316
317	night and the cashiers were banging on my apartment door telling me to let them in or get	317
318	something done and I came down and let them in, and just as I was leaving he walked in. Now I knew	318
319	he was a Baptist the moment he walked up. He was carrying this big black 'Thompsons Chain	319
320	Reference' now that's the way they go around in southern Texas. They believe in showing the sword	320
321	as one Baptist preacher told me if I can't cut them with it I'll beat them over the head with it, but he	321
322	came in he said "I'm looking for Lance Collins" I said...and I go "Owe boy". I said "I'm lance Collins",	322
323	but don't you start preaching at me I don't want to hear it I've got the light, you're in darkness and	323
324	you don't know where you're at". He started preaching at me and I started cursing at him. After	324
325	about five minutes of this screaming and howling on my part and preaching on his part he stopped	325
326	and he said. "Ok I said I'm you going to quit now." (I said) "You're going to leave?" he said "No I'm	326
327	going to take the authority over the devil in you and I order the demon in you to be silent and I	327
328	started cursing and when he said that and I shut up like that. I had myself convinced that boy he's	328
329	that weird I want to hear what he's saying but I couldn't say anything I just (stood) there	329
330	dumbfounded because he had taken the authority in the real power in Lance Collins. The person that	330
331	did this thing was a shell and the directing force in him was the demon of the devil. Now that's the	331
332	difference between Christians, we need to get a few possessed by the 'Spirit of God'. Now when	332
333	Jesus is so Lord of their life their a shell and the directing force in their life is Jesus Christ. I sat there	333
334	and I listened to the man as he pleaded the blood of Jesus Christ over me and he said "I command in	334
335	the name of Jesus... I command in the name of Jesus that the devil never give you one more benefit	335
336	till you come to grips with the Gospel of our Lord Jesus Christ and that includes his drugs that he's	336
337	given you and he turned around picked up his bible and left. I'm standing there 'huh anybody knows	337
338	the devils a bogie man the Christians created. You see witches don't believe in the devil, just the	338
339	Satanists. There's a difference between witches and Satanism, and I walked on upstairs very shaken	339
340	trying to kid myself that guy was crazy the whole time. Like your trying to do with me right now and I	340
341	picked up my needle got it all warmed up and stuff gave myself another fix and used up the last of	341
342	the crystals that I had because I'd sent everything off the night before, because I had a huge	342
343	shipment coming in that night across the border. No reason to worry, those drugs would keep me	343
344	going and most of the witches in the Unites States for the next six months once it was cut put on the	344
345	street. Not to worry about it, 'I ordered the drugs not to come to you'. I mean we had the border	345
346	patrol paid off. Now that was a lot of 'ship' but we could afford it. Everything was set up nothing	346
347	could go wrong, accept that there was some illegal aliens going to cross the border that night and	347
348	the border patrol that we'd paid off were removed for a stake out and a reservist (unit) was put on.	348
349	When this big car pulled up, and the idiot that was driving it just sat three big cartons of the white	349
350	powder on the back of the seat in plain sight pulls up to the border and the guy pulls out his gun and	350
351	arrests him. I mean what would you do? And there went the drugs. The phone went about midnight.	351
352	I was told this and after getting calmed down about it. It started hitting me 'hey I haven't got	352
353	anything here', so all night long I was calling around trying to find drugs and finally I worked the	353
354	phone calls up to the State of Ohio. They said yeah no problem we can get you some back down	354
355	from the same stuff you sent up here. It would be back down in your hands Tuesday Morning. I was	355
356	doing three fixes a day. Tuesday morning was a few days away that was just a little too long for me,	356
357	but as Monday night came around I was so far into withdrawal I thought I was actually dead but	357
358	couldn't die. And I got in my car about Ten O'clock, tried to drive my car out of the parking lot to go	358
359	find something to calm me down. I wrecked the car trying to get it out of the parking lot. I just	359
360	walked off, locked the car. (I was) walking down the street, came upon a movie theatre the movie	360

181	been the first time witches had cast spells on judges and juries to make them vote a certain way. So I	181
182	sent word out to a prisoner being released to call my foster mother in Los Angeles. I asked him to	182
183	have her get a bunch of the big witches in together and cast spells on the three judges that were	183
184	going to finish giving the verdict...Make them think I was a good guy, that it was all a mistake and the	184
185	officers were probably the bad guys and let me go. Now that's what I thought would happen but	185
186	after three days later, after the phone call the cell door opened. The next day I was to get the	186
187	verdict and my cell door opened and I walked out they called me out into the corridor. There stood	187
188	two men I had never seen before. I found out quickly that one of them was named Senator Saxby*	188
189	and the other was named Congressmen Wiley*. Now Saxby as you know later became our Attorney	189
190	General. He was the man responsible for keeping law and order in the United States and he just was	190
191	breaking the law because he handed me an honourable discharge with a couple of generals standing	191
192	there with him and the honourable discharge reads 'Honourable Discharge'. It didn't explain what I	192
193	was going to do with the rest of my six years of service and it doesn't say why I'm getting out. It just	193
194	says 'Honourable Discharge', just like anybody else who would have completed all of their service.	194
195	They further told me that my court martial records have been shredded but as far as the military was	195
196	concerned the court martial never took place and that I had nothing to worry about because all the	196
197	testimonies had been shredded and that the people who testified had been ordered to forget the	197
198	whole thing and that many of them at that moment were receiving orders to go to Vietnam and at	198
199	the same time I was told not to worry about it and that my military record would be destroyed later	199
200	It was interesting that when the fire swept through the record centre at St Louis only the Korean and	200
201	World War II records were suppose to have been destroyed but mine was Vietnam records and mine	201
202	were destroyed in the fire. So anyway I flew back on a military plane at Fort Dick. Got everything	202
203	together and went home to Ohio and arrive very confused...I had two mothers, a mother and a	203
204	foster mother and I arrived at my mother's home and I said 'Look you've been in this, you've been in	204
205	this witchcraft thing a long time what type of spell makes senators and generals do what we want?'	205
206	She said you don't understand do you? It wasn't a spell, their with us. She handed me an envelope	206
207	and said "This is for you". I opened it was 2000 dollars in 100 dollar bills and a first class plane ticket	207
208	to New York city. I said 'What's this for?'" She said you make a phone call you get the next plane out	208
209	of here and I'll make a phone call, tell them that your coming, they'll meet you at the airport. I said	209
210	who are you going to call that's going to meet me at the airport? She said you'll know when you get	210
211	there. Now witches are very curious people, that's why they always get in trouble. I just couldn't	211
212	wait to find out who was going to meet me at the airport. I mean I had 2000 dollars I could catch the	212
213	best plane in the world back if I didn't like it, besides 2000 dollars that was a lot of money. I had to	213
214	find out who could (flash) this type of money around. So I got on the plane flew there, got off the	214
215	plane and a man who's books I'd studied for a long time walked up and met me. He was head of the	215
216	anthropology department at Columbia University, (at that time he isn't now) He's the president of	216
217	his own witchcraft Bible College in new Hampshire his name is Dr Raymond Bucklin?* Handpicked by	217
218	Phillip Rothschild to lead the illuminati for him. When I arrived there I got off the plane Dr Bucklin	218
219	took me too his home. In the next few months he literally tore down everything I'd been taught in	219
220	witchcraft that it was all just the stuff we told the lower people, much like the Masons. The higher	220
221	Masons believe one way, the lower masons believe something else, but the lower Masons think the	221
222	higher Masons believe like them. In fact the higher witches have made a statement that was also	222
223	made many times in the Masonic books that the lower people are sheep to be sheared in their	223
224	ignorance, but that's how they think of the lower witches, (if we have any here today) and there was	224
225	one thing that I did learn very quickly (it) was that witchcraft wasn't just witchcraft, that it had a	225

136	your don't have them in a Christian school I suggest you get them in a Christian school... real quick.	136
137	My wife is not here today because tomorrow is the opening day of our rehabilitation centre	137
138	something we have prayed for 5 1/2 years to have and she moved all night until about 4-5 a:m this	138
139	morning. Some of the people from church I had just called and they had just now, (finished) were	139
140	gonna have to miss Sunday school because they are so sleepy. They've been up for 24 hrs moving	140
141	and getting the centre ready. So it will be ready tomorrow. But her testimony is that two people	141
142	started her in witchcraft, her Pastor and her Drama Teacher in Junior High School. So that will give	142
143	you kind of an idea of what the occult is like. She was inducted when she was a freshman? in school.	143
144	She wasn't born into a family but when I was raised you had to be a witch to be raised in witchcraft.	144
145	They started changing it because they wanted the numbers* Now at eighteen I was initiated a high	145
146	priest. When I was fourteen, (I was initiated a priest). That made me draft exempt from military	146
147	service because all of the brotherhoods of witchcraft and the Satanic brotherhood of America which	147
148	is the Satanist Church are federal recognised churches. It might interest you to know that some of	148
149	your tax money pays for a Chaplin in every federal prison in the United States, a Chaplin of the	149
150	witchcraft church. They have an alter and a service every Sunday for the all the witches in the	150
151	federal prisons and your taxes pay for the Chaplin and all the instruments that he uses during the	151
152	service. Nice to know huh?... In fact they got started at Colson? and San Quinton? were the first two	152
153	prisons to do it and Colson is a state prison so your state taxes are going to it too. That was Jerry	153
154	Browns* idea. You might consider that when you vote for him next time...Now they are not	154
155	publishing that when they say it on the television commercials when they say all he's done, have	155
156	they? Anyway at eighteen I was initiated a high priest but at nineteen I decided that the military	156
157	needed us, they needed witchcraft whether they knew it or not. We where their answer to the	157
158	world's problems. So I decided I was going to enlist and I wrote around the country to all the other	158
159	high priests and priestesses that I knew and I suggested the idea too them. They thought it was a	159
160	good idea. So we all ran off and enlisted in the service and went in. I couldn't do anything half way	160
161	,witches have a tendency of never doing anything half way. I guess that's why I don't do anything	161
162	half way as a Christian now. So if I say something and you think that's too strong for a Christian you	162
163	got to understand that I came out of a thing where I didn't hold anything back for the devil and I'm	163
164	sure not going to hold anything back for the Lord. But I went in enlisted in the Special Forces (I) went	164
165	to Vietnam. Came back came back medically wounded. In fact for a while I didn't think I was going to	165
166	live and if I was going to live I was going to lose my eyes and this leg but I came through the	166
167	situation. I really feel the Lord had his hand on me at that time, and I re enlisted when my time was	167
168	up and went back into the service immediately without even getting the discharge and the same	168
169	minute taken the oath to go back in and (I) went to Germany. When I arrived in Germany I had six	169
170	years. I just re enlisted for I took one month of leave and I spent a month in Germany. One night	170
171	while drinking in the month of June 1970 I was drinking quite heavily and taken drugs. I got into an	171
172	argument with an officer in downtown Stuttgart and I shot and killed the officer. Now the army does	172
173	not appreciate its Seagents shooting officers they have a way of dealing with that and they locked	173
174	me quickly up in solitary confinement. Started court martial proceedings and lebonworth was	174
175	looking like my next home for good. Now until this time witchcraft was a religion to me that's all it	175
176	was. I knew there were several brotherhoods. They were big witches but they couldn't have been	176
177	actually any bigger than I was because I was 3 rd level and that's as high as you can go and everybody	177
178	knew that your power was...you were a god in yourself because of you ESP and Psychic Powers , but	178
179	they were pagan gods that we worshiped. Also multi gods but that was all there was until this	179
180	moment, and I decided that I needed some help. I knew that witches were very powerful. It hadn't	180

361	theatre was called the 'Ash Deck Theatre'. I walked into the theatre paid my money, walked in sat	361
362	down about three rows back. (I was) goner get my mind right into the movie you know like you do	362
363	when your wife's screaming at you and you turn on 'Starkey and Hutch'. You know something like	363
364	that or when the wife turns on the soap operas to get rid of all the kids and the worries of the bills	364
365	and stuff. I sat there and watched the movie and the weirdest thing happened. This idiot came out	365
366	waving this bible all over the place, flash bulbs were popping. The movie was called 'The Cross and	366
367	The Switchblade' and I sat there. At first I was really mad I said to myself 'I've wasted all that	367
368	money'. I said (to myself) 'Well I've got no place to go I may as well sit here' and I got intrigued with	368
369	the part of Nikki Cruz, and I must have made everyone in that movie theatre mad because I really	369
370	got intrigued with Nikki. He was my type of guy, you know? And Dave Wilkerson would go around	370
371	witnessing to him and I would say 'Get away from him preacher leave him alone don't you dumb	371
372	Christian don't you know he knows more than you do?" but the ushers wouldn't touch me because	372
373	they knew who I was, (they) just wouldn't you know have anything to do (with me)... I'm sure	373
374	everybody ran out and said 'Get him out of here!", and they said "Not me", but I sat there and went	374
375	through the movie. Then something that changed my whole life took place, Nikki Cruz got saved but	375
376	that's alright. I mean the masons talked about being 'born again' and the witches talked about 'being	376
377	born again'. I guess the Christians can talk about being born again, but something that took place	377
378	that didn't in the other two incidences happened with Nickki. He'd changed. Now listen to me. (and I	378
379	guess I'm old stick in the mud and something, my heroes are Charles Finney and Billy Sunday and	379
380	people like that). We need a few heroes in the world today and I believe like they believe that if you	380
381	give your heart to the Lord and your truly born again it's not because you say you're born again	381
382	because you walked up front. It's because there is a distinct turn around, change in your life. You're	382
383	not the same person that walked down the aisle and if you aren't, when the alter call is given today	383
384	you might consider given it again. I don't want to take your salvation away from you but I don't want	384
385	to give you false hope either. The judgements too close and too important and I believe that when	385
386	you give your heart to the Lord and you repent you are a different creature you're not the same	386
387	person. Nikki Cruz changed. In that picture and according to astrology and as I told people last night	387
388	at a youth rally, there's three things required to cast a spell, herbs, jewellery and talismans which	388
389	we'll talk about in a minute and astrology. (and you can't cast spells without astrology, that's why	389
390	astrology was invented) and according to the doctrine of astrology you're a set sign, a set	390
391	personality. You were born that way you were destined that way and nothing you are going to do is	391
392	going to change your personality, accept Nikki's changed and as the movie ended and I got up and	392
393	walked out of there. It just had destroyed every doctrine that I had ever learned. I walked out of	393
394	there and I said 'Boy these Christians are weird'. I tried to convince myself that it couldn't have really	394
395	took place because I'd never seen any Christians that acted like Christians accept the guy who	395
396	walked in and I couldn't get him out of my mind either. I walked out and I was about to meet my	396
397	third Christian he walked in and said...I talked to him later he didn't know who I was he just felt	397
398	directed to do it... (He) walked up and he handed me a track, I was the only one he handed one	398
399	too....He didn't say anything, he just said "Here this is especially for you, turned around and walked	399
400	off. That was the end of it. It was special for me too it was called 'Bewitched'. (He) couldn't have	400
401	handed me a better one. I went looking through it I'd say 90% at that time struck me as being real	401
402	but I discarded it because it said that the devil was real and I just couldn't believe the devil was real.	402
403	So I threw the track away and I went on back. Started going to my apartment decided to go to one of	403
404	our nightclubs instead called, 'Club Aquarius'. I mean what else would you call a witchcraft club? You	404
405	know 'Club Aquarius'. (I) walked in, the back, locked the manager's office and sat down by myself. I	405

1	PASTOR INTRODUCES JONNIE . Alright, I understand that many parents from the school here have	1
2	been calling the principle about what all took place the other night...I'm sure that teenagers can tell	2
3	it one way different than it happened, but the reports seem to be very good. I'm glad that I did what	3
4	was able. The testimony that I gave that other day that touched a teenagers heart. I'm sorry that I	4
5	won't be here for the fun on Tuesday. Which is destroying the records. I got kind of a little Tonka?	5
6	blast last night. I got to break a bunch of kids' records. Now that may seem kind of strange for you	6
7	'What kind of nut gets thrills from breaking up kids records? The same kind of nut that gets a thrill	7
8	from burning J.R Tolkien books and breaking up Ouija boards. But I came out of a world which I will	8
9	explain about in a few minutes. Where these aren't innocent little things and whether they be in the	9
10	Christian world or the witchcraft world they are still not innocent. They are very dangerous and they	10
11	are carefully laid traps to entrap people that the occult has spent millions and millions of dollars to	11
12	devise. Before I give my testimony I want to say something real quick. Most people have kind of a	12
13	elusive idea of what the occult world is, and they miss the whole point of the occult world. It is not	13
14	just something where witches get together (and they are real creatures or whatever called witches	14
15	around). It is not a place where people get together and hold Séances and smoke tables all the time	15
16	and so on. The occult world is a very political and financial world, where some of the most influential	16
17	people in the world today believe that lucifer is god and the only answer to the world's problems,	17
18	and they trust the people in witchcraft to be their ministers and they are just members of the	18
19	church. I'm going to be talking about an organisation called the illuminati today. I may as well get	19
20	that organisation out of the way now. There are many people who have discovered the illuminati in	20
21	different phases of life across the United States. My Pastor first discovered them Doctor Rath Euston	21
22	when he dealt with the Masonic lodges. Other people have discovered them in the form of the	22
23	Catholic Church and in the occult world and in the political world and international banking systems	23
24	and many other type of conspiracy's that existed. And when they discovered it, without knowing any	24
25	more about it they thought that's exactly what the illuminati was, and they ran off and wrote a book	25
26	on the illuminati saying this is where it was at. When I came out of witchcraft I had dealt with the	26
27	illuminati enough to know that witchcraft wasn't the total illuminati. Witchcraft and the Satanist	27
28	Church and the Spiritualist Church when they are combined together in higher levels, (in lower levels	28
29	they are all scattered here and there) they resemble much like the Christian Church. They are always	29
30	arguing amongst themselves but in higher levels they are one and the ministers in higher levels are	30
31	like the pastor here. He's the pastor and you're the congregation, your suppose to be Christians	31
32	most of you are but you are also Mechanics, Construction, White Collar Businessmen and so on	32
33	...Well in the illuminati it is the same way. They are bankers, they are politicians, they are ministers	33
34	and so on, but their ministers are the people in higher levels of witchcraft. I was born into a family	34
35	that helped create the illuminati the 'Collins family' they were selected ...oh close to a hundred years	35
36	before (over a hundred years actually before the illuminati became per say the illuminati) they	36
37	brought witchcraft to the United States. Many of the people that they chose to be their ministers	37
38	are very famous in the early revolutionary history of America. I mention names across the United	38
39	States and people say 'Oh no those were God fearing men'. Then I start quoting from newspapers in	39
40	Boston and reports around the revolutionary times where this man was caught doing this and this	40
41	man was caught doing that and all of a sudden they don't look so much like, (christains). Some of our	41
42	most important legendary figures that helped our country be birthed were arrested at one time for	42
43	human sacrifice and the charges were dismissed. They had the body, everything the building they	43
44	were in doing the right in one night caught fire, a bunch of people perished and they got arrested	44
45	and so on, and they kind of got out of the charge. You know how it is with important figures (still had	45

271	your one dollar bill, the capstone and the pyramid with the eye in the capstone. (He?) opened the	271
272	letters and both of them were instructions to give this cheque to this person or tell this Politian to	272
273	get this bill passed or do something or other. The last two were totally different from anything we'd	273
274	seen. They were in Phillip Rothschild's own handwriting. Now according to the doctrine of 'Wicca' of	274
275	'Pagan movement' if you are going to write something that is religious something from the gods it	275
276	must be written in your own handwriting with a dipped pen and both these letters were. The first	276
277	one was thirty pages long. It was a step by step chart for the taking over of the world. As strange as	277
278	that may seem to you, it was there in black and white an eight year plan and it closed with 'lucifer	278
279	will give us the world at the end of the year that begins at the start of the end of the Age of	279
280	Aquarius'. In plain old fashioned talk that's December 1980. Now after all this and by the way I've	280
281	been watching that plan very carefully over the years... their right on schedule. In fact they are a	281
282	little ahead of schedule and then one more letter came out. The sixth letter. I guess that's why they	282
283	went and labelled it number six, talks about Adam. All the witches went into a hooting and a howling	283
284	and started praising Lucifer and so on and so forth. I just kind of sat back in shock because it said 'we	284
285	have found Adam and Adam will lead us in peace.' In Christian terms brothers and sisters they'd	285
286	found the antichrist. Phillip Rothschild said 'we will spend every dollar we have... which is most all	286
287	the dollars in the world, we will course as many wars and we will destroy as many governments as it	287
288	takes to put him on the throne of peace so that his father can return in the age of Aquarius.' Now	288
289	that's when it was time to get out ...I don't know about you (but) about that time but I wanted out.	289
290	Now these people were serious, I didn't really think they could do it. I've been there all this time on	290
291	their top council and I just didn't realise. I thought they were joking the whole time that it was just a	291
292	game so they could spent money...but you can't get out. Other people have tried to get out but it's	292
293	just impossible to get out. The next month I went through a total depression, stayed on drugs. I was	293
294	doing 150 dollars a day worth of crystal. One guy I was talking to , one of my brothers yesterday and	294
295	I showed him the scars in my arms from the needle marks that have never went away and (I was)	295
296	just down to about 149 pounds, just existing and in kind of a state of paranoid. Which the drugs	296
297	produced anyway and slowly I just kind of gave up I said 'Well it won't be long they'll just get	297
298	dissatisfied with me or I'll take an over dose some night or something will happen and that will be it,	298
299	get away from all these crazy people. I'll come back in another life and start all over again when it's	299
300	more sensible. The only problem was the Lord had other plans. It wasn't a problem accept to the	300
301	devil. I'm glad he did because a Baptist minister in town had found his daughter an initiated witch.	301
302	That's when his teaching at bailer? University didn't work anymore, that witches were fable. He	302
303	started praying and reading the word of God and found out that all through the old and new	303
304	testament witches existed. He found out that in Babylon that was the religion that he found out, he	304
305	found out in Revelation it would be their religion again. He found that in the 16 th chapter of acts 16-	305
306	17-18-19 that the power over witchcraft was the ordering of demons in the name of Jesus out of a	306
307	person and that we had the victory through the full armour of God of over the devil, and slowly (at	307
308	first) he believed in witches then got afraid of them. Then he realised being afraid of a witch is being	308
309	afraid of the devil and that was ridiculous. So he came looking, and prayed and fasting for the head	309
310	witches around the area and I was very well known in the area as being involved in witchcraft, and	310
311	he prayed 'God let my path cross his'. Now my occult name was the name that I was sprinkle	311
312	baptised, (that's where you get your sprinkle baptism from). My name I was sprinkled baptised with	312
313	was 'Lance Collins'. When I was initiated a priest they sprinkle baptised me and made me a new	313
314	person supposable. I walked out of there lance Collins from the initiation so thats the name... Then I	314
315	attached my family's name of Collins on, so he went looking for lance Collins. Then something	315

226	goal and that goal was return 'Adam' or 'The Son of god' to the earth to create peace, so that his	226
227	father Lucifer could return to the earth. Now that was the gospel of the witches and that was their	227
228	purpose and that's what the illuminati meant, 'The Light Bearers' to bear the torch for Lucifer. We	228
229	learned all this. We learned all the things that politics had done so far that the illuminati had done in	229
230	politics what it had done in finance and what their plans were for the immediate future. Then I was	230
231	taken up to Colorado and place into an initiation. At a place called the 'Summit Monastery'. Now the	231
232	'Church Universal Triumphant' or 'Summit International' holds its main Bible College in Pasadena,	232
233	they bought the old Nazarene college there. They used to be called the 'Process'. The process still	233
234	exists on the east coast. Manson was member of the process, that kind of gives you an idea of what	234
235	they are like. A very racist type group 'American Nazi' type group, but they believe in human	235
236	sacrifice and lucifer being god. They believe that peace will only be achieve when Christians ...When	236
237	churches are burnt. As one leader, Isaac Bonawitt said. 'When the churches are in ashes and the	237
238	Christians are against the law then our god will give us peace'. I imagine then their god would give	238
239	them peace but anyway after all this training, this initiation I moved down to San Antonio so I could	239
240	direct the drug traffic coming across the boarder there in three places, and a couple of places in	240
241	Arizona. I was given a thirteen state area and all the occult activities in those thirteen states. I didn't	241
242	have California my foster mother leads California but I had a lot of dealing because of her in	242
243	California in the occult. Now my only job was to meet eight times a year with the top witches around	243
244	the country to decide things that would happen. Right now today is one of the days that the witches	244
245	meet eight times a year. This is New Years Eve to witches this is bellpain? The most important day in	245
246	witchcraft. Now a very strange thing has been taking place. Instead of a one day meetings, which	246
247	was scheduled, those thirteen witches and several hundred others have been meeting in Los Angeles	247
248	for the past three weeks. Must be very important what they are going to be up too but anyway if	248
249	you've always wondered why the birthday of the illuminati and the birthday of the communist party	249
250	is May the first, (after all the illuminati always uses May first because that their New Years Day and	250
251	they began everything of May first). So you can always watch for big things happening on May first,	251
252	but I lived there for a while. The other thing that I did as I told the young people here before, was to	252
253	pass out money. I would receive cheques starting about half a million dollar figures and working up.	253
254	Cashier cheques from three main banks in New York City would come by armed messenger. It would	254
255	be my job to place them in people's hands. Now most of the people that received these were in the	255
256	Charismatic Movement. That's why I don't like the Charismatic Movement. I don't know why some	256
257	of the Baptists don't like it, but I know why I don't like it. I don't like it because I had to pay most of it	257
258	leaders..Oh and we bought most of the big churches that are Charismatic Churches today like	258
259	Melodyland and Calvary Chapel. That's why I don't like it. The occult world does not spend money to	259
260	their enemies. They give it to their friends. So you might consider that if it ever crosses your path, if	260
261	it has done so. That was mainly my function and then one thing happed that changed it all. I was	261
262	slowly getting dissatisfied with this thing because it wasn't the religion that I had been raised in any	262
263	longer it was politics. It was conspiracy all the time it was this devious act and that devious act. It	263
264	just wasn't what I had been promised, when I started becoming a priest at fourteen. But you can't	264
265	get out when you in, supposable at least. Nobody had ever heard of getting out at that time and	265
266	then Aug the first happened, 1972. A courier from our State Department arrived from the London	266
267	Embassy (he) arrived in San Antonio, where I (was) hosting the meeting, it was called Latimer Aug	267
268	1rst, all the witches, the thirteen witches were gathered together. There the courier came in and left	268
269	a sealed pouch with the Secretary of State seal on it and left. Dr Bucklin cut the seal and opened it	269
270	took out six letters which bore the crest of the illuminiati. The crest of the illuminati is on the back of	270

406	started thinking things out. I wanted to talk with a Christian and find out if what they believed was	406
407	the same things (that I had been taught they believed), which is the world of difference. The only	407
408	problem is we had paid and bribed and blackmailed so many ministers in the area that I didn't know	408
409	who we could call because if I got a hold of the wrong one I could end up being killed, because	409
410	they'd report me. So I sat up for a while and I thought it over and finally I remembered from the	410
411	night before one of the witches had come in complaining about a coffee house called the 'Green	411
412	Gate Club'. Now this coffee house was very strange place. They'd been a 'Poless Parlour' until a	412
413	minister went in one night, jumped up on the bar and shoved the strippers off. He weren't too polite	413
414	about it. You shouldn't get too polite with the devil. He started preaching the gospel. About fifteen	414
415	minutes later the strippers pulled the curtains down off the walls and wrapped them around their	415
416	bodies and were kneeling down at the bar given their heart to the Lord along with half the	416
417	customers. The man and women that owned the place, the bandsman and the bartenders. About	417
418	thirty people saved a good old fashioned revival. Now the people lives were so changed that they	418
419	gave the deed to the place to one of the Baptist churches. One of them that was praying and fasting	419
420	that Lance Collins would get saved. It was all shaping up, but I didn't know that. All I knew was that	420
421	this witch, that was a prostitute had come in screaming at the top of her lungs when I was going	421
422	through withdrawal. I wasn't interested in hearing it but was (at a) place down the street... how she	422
423	tried to proposition a soldier down the bus station and (had) him (the same preacher) preaching the	423
424	word of god at him, (the soldier) at the same time. It could bankrupt you. It could really put you out	424
425	of business. She was very unhappy about it. Tape end.	425

91	teenager I was asked to (go to) an all expenses paid flight out to Hollywood. With the dairy that I had	91
92	inherited as a child through a will, from my great grandmother. They were the dairies of several	92
93	members of the Collins families one of them was a character named 'France William Collins' who	93
94	was the secrecy in a coven that Benjamin Franklin was a high priest of. The dairy dealt heavily with	94
95	three political figures Jefferson, Franklin, and Hamilton. He would call them by name in the diary and	95
96	so on and this is the man that they copied the Barnius Collins from in the show. I was out there for a	96
97	few months for my vacation one year telling them all about the Collins family as they were putting	97
98	the scripts together and they was a very interesting thing that happened to the show. It had the	98
99	highest ratings of any show that had ever been on Television and it was literally prayed off the	99
100	Television. It still had the high ratings when they quit and for no understandable reason they just	100
101	quit producing the show. They still haven't figured out why they've done it. In fact they've tried to	101
102	bring it back several times in repeats across the country and every time its arose as repeats	102
103	Christians have started praying and its only lasted two or three weeks and it went off the Television	103
104	again. So if it happens to come up you might decide to pray a little ...It was a very, very strong occult	104
105	show probably besides 'Bewitched', it was the main reason the occult grew so as strong as it grew so	105
106	quickly, other than rock music. Now I was born and raised in this family which automatically placed	106
107	me into a witchcraft atmosphere. Many of you have known nothing but Christianity. Many of you	107
108	came out of the world that were Christians and many of you are still in the world, (which I hope	108
109	you'll get out of today after hearing this) but I was born into a witchcraft family, and I was telling	109
110	some of the teenagers in different places, when the kids were coming to Sunday school and	110
111	memorising memory verses I was memorising the witches chant. When they were reading stories of	111
112	Moses and Joseph and so on and the disciples and the Gospels I was reading J R.R. Tolkien and C. S	112
113	Lewis. When they were studying different things and when they were learning about the Lords	113
114	Supper I was learning about how flying saucers brought the first men to earth. When they were	114
115	learning about the garden and Adam and Eve I was learning about Adam and Eve being the first sons	115
116	of god. So it was a little different and of course when they were learning how to pray I was lighting	116
117	candles and incents and how to cast spells. I grew up in this atmosphere. Many of the kids had	117
118	something I never had that I never missed until I became a Christian, and realised now it really	118
119	existed. I missed it. I never had a childhood. In witchcraft the parents are not allowed and even if	119
120	they could they wouldn't have the ability too. They are not allowed to love their children. The	120
121	children are the property of the Craft and not of the parents. They are raised by all the witches in the	121
122	Craft and the parents say nothing. One thing you might be interested to notice. They are never	122
123	allowed to spank their children, they are never allowed to punish them, from the moment the child	123
124	is five years old he is considered an adult and he's treated like an adult and therefore you have some	124
125	very rebellious children. But that's the way they like it. Now when I was thirteen I was taken to a	125
126	thing called the 'Outer Court' the outer court is a school like you might send your child to. A specific	126
127	...Bible College. Well each coven has their own bible college and it's called the 'Outer Court' and	127
128	there I was trained to be a priest in witchcraft and at fourteen I was initiated a priest now if that	128
129	seems young for you can imagine at thirteen or fourteen you picture your own child and that's the	129
130	way it was. I have a little bit of news for you. My sister progressed even faster than I did when she	130
131	was thirteen. She was the Witch Queen of the State of Ohio. She had over close to about 15 000	131
132	witches under her control and all of them were almost adults. So age has nothing to do with it. It's	132
133	how fast they were trained and the family they came from in fact they are after teenagers 95% of	133
134	the people who'll join witchcraft are inducted by their school teachers in junior high in high school	134
135	and if you're sitting out there, and the pastor didn't ask me to say it's just a firm belief of mine if	135

46	a little poll back then?) But this is the world as it really exists and we are going to be talking about it	46
47	today. You may think it's a little different from anything you've ever heard and I'm must be either	47
48	crazy or lying or I've got a good story or something. The reason for that is that if you step in front of	48
49	your television a lot or quite a lot as most people do (and the television has a very absorbing nature	49
50	on people), you begin to accept that what you see on television is reality and that's the way people	50
51	are across the country. We have named people across the occult world that are also on television. I	51
52	told a couple of people that I used to know, that I had a lot of dealings with when I was in the	52
53	witchcraft world, that are now superstars on TV. Most people cannot accept that because you watch	53
54	them and these are nice clean cut figures, 'Surely' from their television shows that's just the way	54
55	they are, but it's not so. In fact just to break the ground I'll kind of give you an example before I go	55
56	with the testimony. One of the most powerful witches in the Unites States is on television...She's a	56
57	homosexual. In fact the young lady she lives with in marriage is a very famous rock star* and they	57
58	thought it was very unjust of witchcraft that homosexuals weren't allowed to be ministers in	58
59	witchcraft and that they were smarter than the Christian church...So they decided that that was	59
60	unfair so they formed their own denomination or as we call it in witchcraft a brotherhood...For	60
61	homosexuals that are witches. Now this nice clean cut American girl has one of the top comedies,	61
62	(situation comedies) on television. Most people watch it on Tuesday night when they don't have	62
63	anything else to do like pray. It's called Lavern and Shirley? And the girls name is Cindy Williams*	63
64	that plays Shirley. Now that's the real world out there it's not the world that you see on television.	64
65	So today if I say a few things that are astonishing to you, I say these things across the country and so	65
66	many people have blitz's these poor people with tapes until they're running out of their ears of	66
67	these things I've said. I ended up in court because usually I quote news releases and statements	67
68	made to the public which most other people don't catch. Or I quote knowledge in the past that I can	68
69	prove so believe me I say the things that can be proven and I'm very careful of what I say. So you	69
70	think about it for a while, at least do this (most people who hear me who can't accept me decide	70
71	they are going to try to prove I'm wrong because they can stand what I've said. It will just shatter	71
72	their lives, (I hope) and they run out and they go to all the libraries and they try to prove against	72
73	what I say. Then I get my strongest believers after that, because when you go to the library and	73
74	when you go to the bookstand and you start buying books and start researching the things I'm going	74
75	to say today something very mysterious happens, you find out I'm telling the truth. It's all there. So I	75
76	invite you to go and spend a few hours go and turn off the television and do some praying and do	76
77	some reading of the word of God and do some reading of other books when you leave here today	77
78	and you might find out what's really happening today. Now I came from a family, I said the Collins	78
79	family that brought witchcraft to the United States, (they were originally druids in Scotland). Their	79
80	name was Colleen but they had to flee Scotland because of being hunted for witchcraft and they	80
81	came down to England and they pretended to be Puritan family. One thing I want to point out over	81
82	and over today is that they are many, just as communist trained KGB agents to come to the Unites	82
83	States and infiltrate its political and religious circles, so that(s) (the same) with the occult world. They	83
84	have a whole training centre *two of them in fact. One in St Louis and one in St Pauls that	84
85	completely trains a witch on how to act and talk like a Christian. They usually do it better than we do	85
86	because they are pretending and we are stumbling. So I'm just going to point this out as we go today	86
87	but they went down and they pretended to be Puritans and they came over seas. In fact they	87
88	brought the first puritans to the Unites States on board a ship that Frances Collins owns. They landed	88
89	at an area called Collins bay outside of Salem and that's why it's called Collins Bay. Now how many of	89
90	you remember a show called Dark Shadows? You can guess what that was about. When I was a	90
