

1	It's a very good experience to find yourself being told 'you're not quite there yet' on 680. So you	1
2	keep on going and you end up in San Hosea. Then you turn around and rush back, but somehow the	2
3	Lord got us here and everything that could have been thrown against us in the road, car trouble and	3
4	everything else, (was) so we are very grateful to be here. I kept saying over and over as I were going	4
5	down the road that this had to be something tonight, some type of fantastic meeting because usually	5
6	when we are this well fought getting to a place something's going to take place, so I came in	6
7	expecting something. I'm sure you were expecting to leave as late as it is but if you must go, as they	7
8	said go ahead otherwise bear with me I'll try not to keep you too long. The only complaint that my	8
9	pastor has against me is that I'm long winded and that the only complaint another pastor had last	9
10	Sunday night was that I wasn't long winded enough, he wanted to go till 11. I promise not to keep	10
11	you that late but anyway. I don't fool around, so I'll just start right out. I can only make you one	11
12	promise that what I've got to say is the truth. It won't seem that way to some of you, it will just seem	12
13	that I'm either crazy or I'm the biggest liar and storyteller in the world. That's what our televisions	13
14	have done to us. They've gotten us to a frame of mind that we do not realise the real world around	14
15	us. When I talk in many youth rallies (and) many of their Christian schools I start right out by tearing	15
16	their television and rock idols down by personal experiences that I've had with them in the occult	16
17	world and then and from there we try to build them up with real heroes, the number one being Jesus	17
18	Christ. But I come from a family where I grew up having my own heroes my number one hero was	18
19	my great, great, somewhere way back there, grandfather named Francis Collins. Francis Collins	19
20	owned the first ship that the puritans landed in here. It just so happened that 50% of the people on	20
21	board were also witchcraft people fleeing from Scotland. They were called the Collins'. They were all	21
22	his family and that's how witchcraft came to the United States. So when I grew up I was being trained	22
23	how great my family was that it was the second most important family in the iluminati and the occult	23
24	world and that someday I'd be very important and so on. So I had my own heroes and television	24
25	didn't help much. The reason I'm so down on television is that I grew up around the television world	25
26	on the insides of it. When I was just a teenager Hollywood paid for my way up to California so that I	26
27	could bring a couple of dairies that belonged to my family that I had inherited by will as the last male	27
28	hero of the Collins family. If you wonder why (what's) with Todd's? The Collins family changed their	28
29	name about 100 years ago to 'Todd', to cover up some of the things they had done. But I'm sure	29
30	some of you will remember the show Dark Shadows? That was the show that paid for me to come to	30
31	Hollywood to bring the dairies as many of the scripts were taken from actual instances in the dairies	31
32	and for instance Barnibus Collins was based upon a man named Frances William Collins a	32
33	revolutionary war hero. When I was growing up in the occult world we were always taught that we	33
34	had been somebody else before. It wasn't good enough that we were the person we are now we	34
35	always had to be a dozen people that we were before. We had to deal with this life and all the ones	35
36	we had had before and all the ones we were going to have in the future and I was suppose to have	36
37	been France William Collins. They said that's who they based Barnibus on, so I wasn't exactly the	37
38	niciest guy in the world. I grew up this way. When I was thirteen I was taken into the outer court to be	38
39	trained as a priest in witchcraft that would have been like your pastor who just stepped off or better	39
40	yet like your youth director or something. When I was eighteen I was initiated a high priest, that	40
41	would have made me the Pastor. The same time I became draft exempt. I did not have to go into	41
42	(military) service but a bunch of us smart allick, young I have to correct the pastor not Warlocks but	42
43	Wizards and Witches, went into the army because we felt the army really needed witchcraft, it just	43
44	couldn't get along without us and since the army didn't think they needed any chaplains that were	44

45	witches we just kind of went in on our own. So I went on in along with a lot of others, I never did	45
46	anything half way. I got to Vietnam found out I liked Vietnam so well I was willing to reenlist in fact	46
47	I'd already signed the papers to stay for another tour in Vietnam when I became wounded on the last	47
48	month of the first tour and I was shipped back to the Unites States. My time was almost up so I was	48
49	discharged and the same day I re-enlisted. I asked for Vietnam but they said because of my wounds	49
50	that hand totally healed yet I couldn't go to Vietnam yet so I got Germany. Now I had re-enlisted for	50
51	six years. Now until the time of my re-enlistment I always thought that witchcraft was just witchcraft	51
52	there was nothing more too witchcraft than just casting spells, and we were smarter than the	52
53	Christians and other religions because we really knew who the gods were. We were born with special	53
54	powers because our ancestors had passed them down too us and all the little stories they like to tell	54
55	us. Witchcraft was a little different at that time when I first got in too it as a young person, you had	55
56	to be from a family that had generations and generations of witchcraft in order to be a coven	56
57	member. At the time you had to have three generations at least. Well the minimum that we had,	57
58	that I could find was seven so there wasn't any problem and we knew it went past that where they	58
59	weren't records kept anymore but that was all witchcraft was, as I told many people, you know many	59
60	of you were raised as Christians? and I guess that's why I can't understand why so many of the	60
61	Christian teenagers are the way they are today if they were raised in this glorious gospel why they	61
62	are so rebellious. I would have given anything to have been raised this way, but when you were	62
63	learning the 23 <sup>rd</sup> psalm I was learning the witches chant. When you were reading about Moses	63
64	opening the Red Sea I was reading J.R.R Tolkien. When you guys were learning different memory	64
65	versus and so on and the four spiritual laws and the Ten Commandments I was happy to read C.S	65
66	Lewis. Of course I've been greatly surprised that Christians read that too but... this is the way I grew	66
67	up and this is all I believed in that they were mighty gods and we were special people, we were their	67
68	Priests and Priestesses. Until I re-enlisted. I went to Germany, spent a month home, went to	68
69	Germany spent, another month. Two months out of a six year enlistment. One night while taken	69
70	drugs and drinking I shot and killed an officer in down town Stuttgart. Now if there's one thing that	70
71	the army does not like it does not like its Seagents killing its officers, they have a quick cure for that,	71
72	they threw me in solitary confinement. Then as the court martial proceeded on and things began to	72
73	look like I was going to spend the rest of my life in Lebanworth if I was lucky, all of a sudden a riot	73
74	took place in the stockade and although I was in solitary confinement other people were placed in	74
75	the same cell with me. One of the men that had been placed in the cell with me had been scheduled	75
76	to get out that particular day and was held because of the riot, so I kind of talked him in by bribing	76
77	him a little that if he made a long distance phone call for me and told certain relatives of mine that I	77
78	was in trouble he'd receive some money for it and I'd be a lot happier. So he called direct to Los	78
79	Angeles and talked to my foster mother, explained what the situation was and I was sitting back	79
80	waiting for her to get all these big witches together to cast spells on the judges and make all the	80
81	officers that were trying me think that I was a real nice guy and that it was self defence and that	81
82	everything was going to be fine and they'll just let me off. Now that's all that I had ever been taught	82
83	that witches could do, but three days later my cell doors opened as I was sat there in solitary and I	83
84	stepped out into the light (for the first time in thirty two days) and I heard some very strange words	84
85	"You are honourable discharged from the United States Army and the man that was saying them was	85
86	a Senator by the name of William Saxby, he had a congressmen with him named Wiley and about	86
87	three or four generals. They were handing me an honourable discharge and on the discharge papers	87
88	it didn't say I was bad. (It) didn't say I had been in jail, (it) didn't say anything. It gave me all my time	88
89	and rank security clearances that I had in my possession and explained why I had over five years to	89

90	go in the Unites States Army it just discharged me honourably so I took it didn't want to argue with	90
91	them and left and went back to the States and arrived at my home in Columbus Ohio and asked my	91
92	real mother, (I have two mothers, a real mother and a foster mother) and I said what type of spell is	92
93	so good that you make senators and generals do what you want? It's a really good spell I'd like to	93
94	learn it. She just looked at me and said you just don't understand do you? We didn't cast a spell on	94
95	them their with us. I said "Oh far out senators that are witches." She said "No they just belong to us".	95
96	And I didn't understand what she was saying and I said. "Well what am I suppose to do now? I said	96
97	"I'd like to take my old coven back on and so on". So she handed me an envelope that had been	97
98	waiting there. She had explained that there was one there and one in Los Angeles. They didn't quite	98
99	know where I was going to show up. I opened the envelope. Very intriguing thing, 200 dollars in 100	99
100	dollar bills. A lot of money also was a one way plane ticket to New York City. I said "Well what's this	100
101	for? She said well you make the reservation, you get on the next plane you get out of here and you	101
102	get to New York City and they'll meet you at the airport. I said. "Well who are they and where did	102
103	this money come from"? She says you get there and they'll tell you and you'll know who's supposed	103
104	to meet you when you get there. Now witches are very curious people, that's why when do some of	104
105	the most demonic rites imaginable and our hair would stand on end and almost turn snow white	105
106	over night from all the spooky things. We couldn't wait to get back in there. We were always curious	106
107	what was going to happen the next. I guess that's why some people like to get on rollercoaster's and	107
108	like to be scared to death. It's just the way with the witches there's really spooky things going on and	108
109	they can't wait to get back and this was extremely intriguing. So I got on the plane and I flew to New	109
110	York. I got off the plane and sure enough no problem with recognising who met me. I'd read his	110
111	books for years in fact he is the man who first created 'Christian Witchcraft'. His name was Dr	111
112	Raymond Bucklin head of the anthropology department Columbia University (at that time he isn't	112
113	now). Graduate of Oxford University, Rhodes Scholars handpicked by the Rothschild's to lead the	113
114	illuminati for him. So I arrived and he took me too his house and the next few months he carefully	114
115	rearranged all my ideas for me. He told me all the things that I had learned about witchcraft were	115
116	just stories we told the lower people and where I thought there was only three levels and I was as	116
117	high and as powerful as a witch could go he assured me they were three more. I guess I should have	117
118	backed off then. I guess if I'd been lied to the first time maybe I'd be lied to the second time but as I	118
119	said witches have an incurable curiosity they've got to find out everything so I let him train me and	119
120	he explained to me since I was a male Collins and I was in the Collins family that I had a position to	120
121	take. (He said) that there was a board of directors that contained a grand druid council which	121
122	contained thirteen of the most powerful witches in the world and that my place was on that council	122
123	and I said "Oh" you know "great when do I take it?". Well he said somebody just died. I kind of	123
124	always wondered whether he just died or they shot him or something you never can tell with the	124
125	illuminate, but he sent me to Los Angeles. I studied for six more months with my foster mother	125
126	holding a kind of temporary rank on this council and then taking up the Colorado Springs and	126
127	initiated, and I do believe that when I testified here last time I explained who the person was who	127
128	handed me the ceremonial knife for that ceremony, another senator named George Mc govern. You	128
129	might before the night gets over start to realise that Washington isn't as bad as you thought it was its	129
130	worse. The ceremony by the way was human sacrifice and the leader of that ceremony that night	130
131	was George McGovern. That's why when we did the broken cross we drew his picture into the	131
132	broken cross as a person practicing human sacrifice, but after the ceremony I went down to San	132
133	Antonio decided that would be the perfect place. I moved into San Antonio to watch all the drug	133
134	traffic in the area and I was given a thirteen state area. It totalled out to about 65 000 initiated	134

135	Witches and Wizards, Priest and Priestesses. Now that's just the staff of the church, that's not the	135
136	congregation. So if there's that many ministers in that area you can imagine what the population is?	136
137	and California (where as most of the Grand Druids have many states like I did, I had thirteen),	137
138	California has a grand druid all to itself. (Thats) because theres that many witches in California. In fact	138
139	it's the most populated area in the world for witchcraft and the Bay area's (just) happen to have the	139
140	most, but anyway this is where I lived. I only left it eight times a year to attend what we call 'Council	140
141	Meetings'. Now I'll give you an idea, Monday was one of those council meetings. They hold them	141
142	eight times a year. May (the) first they held a council meeting and from our information they held it	142
143	in San Francisco, so you were kind of close too it this time. Things went along fine I enjoyed the	143
144	money, power. I always thought they were kind of weird because they kept talking about controlling	144
145	the world and I thought 'let's stay back with witchcraft you know this world government thing that's	145
146	a little weird witches are never going to control the world', and finally on Aug the 1rst 1972 things	146
147	changed. A courier from the London Embassy, a member of our Unites States State Department	147
148	arrived with a courier document pouch, sealed with the crest of the of the State Department. (He)	148
149	brought it through customs unopened (nobody could touch it), brought it in to San Antonia and I was	149
150	hosting the meeting this time. It was on Lattimus?, Aug (the) 1rst. The man came in, laid the pouch	150
151	down in the temple room up in the casino building, walked out and left it. He wasn't to know what	151
152	was in it. The door was locked, security guards were placed on the outside and Doctor Bucklin took	152
153	up what's called the atomay? The witches ceremonial knife. He slit open the seal, unlocked	153
154	everything and took out six letters. We'd seen letters like this before, no big deal. It had the crest of	154
155	the illuminati which is on which is on the back of your one dollar bill, so you can look at it later, on	155
156	them sealed and waxed, Red Wax. The only problem was that the first four were standard business,	156
157	they only contained cheques, you know bribed cheques and so on. Usually bribed cheques start at	157
158	about five hundred thousand dollars to give you an idea and work up into the millions but they've got	158
159	almost all the money in the world why should they worry? You spend a five dollar bill and you panic	159
160	for what a five dollar bill feels like to you a million dollars feels like for them so believe me they have	160
161	the financial strength to do it. The 5 <sup>th</sup> one was totally different, it's very thick, about 30 pages and it	161
162	was hand written. Now according to the laws of witchcraft if anything is religious it must be written	162
163	in a special ink, in a dipped pen, in the persons who's writing it, owns hand writing nobody ...You	163
164	know you don't dictate, it doesn't get typed up, nobody writes it for you. You know in the illuminati	164
165	the Rothschild's are not humans they are not just the richest family in the world they are gods in	165
166	human bodies more or less the counterfeit of what Jesus Christ was when he was on the earth. They	166
167	are the sons and daughters of lucifer in human body and his wife and so on. So this council that I was	167
168	on is the private priesthood of those gods and when those gods talk the priests listen, and the	168
169	priestesses listen and they tell political people. That's why a handful of witches have so much power	169
170	over so many political people because they are simply just like a tape recorders for some very	170
171	powerful people that everybody else considers to be holy and to be gods. So we opened this one in	171
172	Philip Rothschild's handwriting and it was the same... You know like the gods sent their own private	172
173	message. So we opened it up. Doctor Bucklin started reading it. It's a chart. A friend of mine Doctor	173
174	Tom Berry has placed that chart in a 30 page book and we are proofing it now and Doctor Stuart	174
175	Crane is going to publish it and we hope to have it in Christian hands by about three months. It's a	175
176	step by step plan, beginning in 1973, the first of the year to the end of 1980 to take over the world by	176
177	taking over the United States. And before you think that impossible I've watched the news over the	177
178	past five and a half years and their not only on schedule but they are a year ahead of schedule and	178
179	when I told people this five years ago they thought I was crazy, like a lot of people think now when	179

180	told them that we were supposable not going to have any fuel, (although we were going to have it, -	180
181	.i.e the government had plenty) and that the gasoline prices were going to go sky high. I even told	181
182	them a crazy story that the farmers were going to go on strike and the coal mines were going to close	182
183	down. Now I wonder where I could have gotten a crazy idea like that. And I was saying it five years	183
184	ago. Only when I went on the east coast this time nobody was laughing because they were getting	184
185	cut back on electricity and people were only working twenty hours a week because there wasn't any	185
186	coal. So after reading this I though these people are really crazy you know crazier and crazier but I	186
187	stopped laughing when I read the sixth letter. It was in Phillip Rothschild's handwriting too and I want	187
188	to say something. The Mormon doctrine and the witchcraft doctrine are almost identical in how the	188
189	world began. According to the witches lucifer chose his son and his daughter who were married	189
190	came to the world and lead the rest of his little kids down here. Believe it or not they are supposed to	190
191	have landed in a flying saucer... and they landed here and man was more or less assuming their	191
192	shape from apes and they intermarried with man and thats how...(well the original people were the	192
193	witches that arrived and their children became the witches and the ones they didn't marry with were	193
194	the mortals. If you remember 'Bewitched' you remember the doctrine of witches and mortals. Now	194
195	that may seem a little crazy to you but they firmly believe it, and that Adam (that had the ability to	195
196	turn back into other life's again like everybody else) did not because the evilness of man settled into	196
197	the garden and that's why the garden was bad. There's no original sin according to witches and	197
198	lucifer had planned to come and live in this world along with his children but he couldn't because of	198
199	all the evilness of man and when they say this I feel they almost want to write Christians sometimes	199
200	the way the doctrine goes but Adam would come back to bring peace to the world and to unpolluted	200
201	it so that his father could come back. Now that's their doctrine and when the 6 <sup>th</sup> letter said 'We have	201
202	found Adam to be in the world and that he is ready to make peace so that his father can return'. I	202
203	knew enough about revelations in the Christian bible to say 'hey I'm in the wrong camp' now I asked	203
204	a very stupid question in that moment I said "Isn't this in the Christian bible?" Now witches teach you	204
205	the Christian bible is an absolute lie created by the God of evil named Jesus. When I asked that I	205
206	almost got lynched...So I said "Well you know I'm just kidding don't worry about it I was just joking	206
207	trying to lighten things up." They calmed down. I left, did some more drugs. Now I was doing about	207
208	150 dollars day worth of crystal speed at the time. I weighed about 149/8 pounds and after looking	208
209	at some of my rock friends like David Crosby who doing 200 dollars a day worth of drugs now I firmly	209
210	believe that if the Lord had not have saved me I probably wouldn't have made it another year. At	210
211	that time from Aug 1rst over the next thirty days I thought of nothing but how to get out but even	211
212	though I realised that the Christian bible was telling the truth it just never dawn on me, because of	212
213	the spirits inside me that if it was telling the truth in that, then salvation and Calvary were real also.	213
214	So I went on trying to think of a dozen places I could go hide in this world and marking off any one	214
215	they'd find me. Any place I'd go and deciding since, if I died I'd just come back in another life and that	215
216	wouldn't be too good if they were running the world so what was I going to do? Finally God, the Lord	216
217	Jesus. I want to say that because I come from a world where lucifer was supposed to have been god	217
218	too. Finally, the Lord Jesus Christ started moving for (this the best way I know how to put it). I don't	218
219	believe in accidents I don't believe my salvation or anybody else's was an accident I believe in God	219
220	incidences. I believe God sets in motion the things to bring you about. You still have the choice but	220
221	many of you that don't know him tonight the Lord brought you here whether you know it or not,	221
222	more over you were brought here by praying friends and relatives. A man found his daughter (a	222
223	pastor by the name of Smith) found his daughter an initiated witch shortly thereafter. Who he told	223
224	me later "I couldn't believe it here I was I went to bailer university I was a minister in a Southern	224

225	Baptist Church and Bailer did everything but hit me over the head that there was no devil no witches	225
226	no demons in this day and age". Much like many of the fundamental Bible Colleges I know today. He	226
227	said "So I had to re-learn all over again. Instead of taking mans ideas I took the word of God. I found	227
228	that Deuteronomy 18-19-20 gave a list of witchcraft in the occult world and that Acts 16, 17, 18, 19	228
229	gave the power over witchcraft what its power was and how to handle its power and the power over	229
230	it. Which is the taking authority over the devil and the demons that are in witches that's how they	230
231	get their power. The stronger the witch the more demons that they have allowed in. When they take	231
232	a young person and they train then for witchcraft, they give them ...(lovingly I guess) call it	232
233	homework. They give them assignments, what they are to do. And these assignments tear down	233
234	every moral fibre and training that the person has and just literally they become a human challis.	234
235	They fill up with up with demons and as they do these things they break down all the barriers holding	235
236	the devil back and when they are done they have a very programmed very brainwashed and very	236
237	powerful supernatural witch or wizard. So he prayed and he fasted, and I heard Jack Howe the other	237
238	day...and I guess I never realised until I heard him how little Christians pray and fast. He's been round	238
239	Christians a long time and has only met a handful of praying and fasting Christians and I can believe it	239
240	(all) the more but the minister prayed and he fasted he said "God let me cross Lance Collins' path.	240
241	That was my occult name. He prayed and he prayed and finally he felt this is the time and he got up	241
242	one Moring Saturday Morning a few days before labour day on 1972 and he went down town and he	242
243	started going through the occult stores. Now I was never in the occult stores there much and the one	243
244	building that I lived in there were two occult stores in that building, (in) down town San Antonio. One	244
245	day, one of the managers that Saturday Morning had had an overdose of drugs (and) was critical and	245
246	couldn't make it in and I had to go unlock the place for the sales girl to come in and I just	246
247	unlocked,(the door) got all the cash fixed up and everything, (and) was getting ready to leave...	247
248	hadn't been there more than five minutes and this pastor came in. I knew he was a Baptist the	248
249	moment he walked through the door. He carried a big black bible. You have to be in Southern Texas	249
250	to understand. They don't go anywhere place without a big black Thompsons or something like that	250
251	we carry Scholfield up here they carry Thompson's down there as one pastor said I like a rapid fire	251
252	bible but he came in and I remember telling Lynda the girl that was with me "Oh boy here comes	252
253	trouble." he walked up and he said I'm looking for Lance Collins and I kind of braced myself and I said	253
254	"I'm lance Collins can I help you?" he said "I want to tell you about the love of Jesus" I said "I don't	254
255	want to hear it. You take your Christian garbage and you go somewhere else." I made the words very	255
256	distinct. So he started preaching anyway he figured he was there, he just dug his heals in and opened	256
257	up. Well I gave him about two sentences and the spirits in me took over and started cursing, he just	257
258	kept on preaching so I started reciting chants, demonic chants out to block what he was doing usually	258
259	it got Christians scared (and) they ran off but he didn't budge he stopped and he said "Well I see in	259
260	Ephesians 6-12 I'm not warring against Lance Collins I'm warring against the demons inside of him	260
261	well since they want to talk to me I order them to be silent in the name of Jesus." And he just started	261
262	in a very powerful pray pleading the blood of Jesus Christ and finally ending with this, "I order in the	262
263	name of Jesus the devil to stop given you any power of witchcraft and to stop given you any of his	263
264	benefits and took one look at me and saw that I was on drugs and said stop given you drugs." Now	264
265	parents listen to me if your kids are on drugs and you've got a problem stop preaching to them just	265
266	order the demon inside them and the devil to stop supplying them with drugs you'd been surprised.	266
267	We've done it how fast the pushers and dealer there getting their drugs from get busted all of a	267
268	sudden, ...try it works and when he was done he said. "Now I'm going to pray and fast for you Lance	268
269	until you get saved tonight." And I don't know why I said it I (just said). "You crazy guy don't do that	269

270	don't do that.' I remember I told dozens of witches 'I'm going to pray and fast until...'Don't do that,	270
271	don't do that ..."One thing a demon does not like is pray and fasting. He turned around and walked	271
272	off...One thing that had intrigued me, I kept trying to convince myself that I had shut up to listen to	272
273	him because he was so weird but what it was, was simply he had taken authority over the demons	273
274	and I had shut up and I had heard the whole thing. I went on upstairs very shaken and not knowing	274
275	why...Very sick, never felt like this. I'd never felt like this in my life. I'd never come up against a	275
276	Christian like this. Usually I'd say I'm a witch and they couldn't wait to get into the nearest bomb	276
277	shelter or crawl under the bed or get the straight jacket out. Well something about my eyes back	277
278	then. They never questioned when I said I was a witch they just took off running. So I went up stairs	278
279	took out my drugs my needle, did a fix. No problem (I'd sent all the rest of my drugs out that night a	279
280	big shipment that we had stored around the area to other States because we had a huge shipment	280
281	coming in that night). I said 'Boy this will teach that dumb preacher. I ought to go over and drop a kilo	281
282	of it on his door just to teach him that the devil doesn't exist and that I don't get my drugs from the	282
283	devil and he can't stop me from getting drugs. Besides there nothing wrong with drugs,(I was just	283
284	literally dying eaten away from it). 'There's nothing wrong with drugs.' This is how the young people	284
285	are today their friends are over dosing. I've talked with people 14-15 (year olds) I've said. 'How many	285
286	friends do you lose every year?' 'Oh, 10-20 they overdose on Angel Dust* or something Killer Weed*,	286
287	different things but there's nothing wrong with drugs'. I had to ask one girl why she was so bunged	287
288	out and she said. 'This is the fifth girlfriend who has ended up in the mental hospital not knowing	288
289	who she is for taking Acid and having a bad trip'. I said 'Well do you take it?' she said "'Sure but I	289
290	don't have any bad trips, there's nothing wrong with Acid.*' When I got saved I didn't have a friend	290
291	that wasn't even in jail or wasn't dead. It will do something to you to walk into your friend's	291
292	apartment and see them laying on the floor, needle still in their veins and dead from an overdose or	292
293	from strip nine being added to the drug because they wanted them out of the way. I went on	293
294	upstairs and I went on and I did the drug. Not to worry more drugs were coming in, accept midnight	294
295	my phone rang. I was still speeding I hardly ever slept hardly ever eat, answered the phone and I said	295
296	'Yeah what's going on? Private number I knew it had to be somebody that knew it, and they told me	296
297	a story I didn't like too (they said they'd) paid off the border patrol (and that) everything was taken	297
298	care of, standard run of drugs, accept that night the ATF had heard that some illegal aliens were	298
299	coming across the border. They called all the border patrol over from their regular stations and had	299
300	put on reserve units and the guy was so spaced out (he'd sampled a little of pure speed). There were	300
301	three huge cartons this big close to a million dollars worth of speed in the back of the car just sitting	301
302	on the back seat with the lid off where everybody could see it. He wasn't worried. Drove up to the	302
303	thing, the guy wielded out a gun and says 'Your under arrest'. It was all over in a matter of moments,	303
304	I'm sure he never realised what happened. It was all because a preacher took authority over the	304
305	devil. When I got that call it (all) came flooding back. You know 'this guys weird you know here he is	305
306	stopping my drugs' I thought 'no, no that just an accident.' But it had never happened before. So I	306
307	realised after about ...You know calming down about the situation that I was going to be going	307
308	through withdrawal pretty soon so I made some local calls. Nobody had anything. Most people round	308
309	there were on Heroine* and not Speed. So I made some out of State calls and finally found in the	309
310	State of Ohio that some of the drugs we had sent off had arrived and they would get them down	310
311	here but it would be Tuesday morning because of legal police action they were having up there, but	311
312	that's too long for somebody on drugs as bad as I was. Sure enough by Monday night I didn't know	312
313	who I was anymore but I was determined I was going to get drugs no matter what I had to do. I got a	313
314	hand gun, went to my car, started the car, started to drive out. I was going to every area around	314

315	that I knew. If I had to kill the person I was going to get drugs and I wrecked the car trying to get out	315
316	of the parking lot. I just got out the car left the gun and everything. Just sat there started walking	316
317	down the street kind of in a daze trying to get myself together and came upon a movie theatre, (the)	317
318	big bright lights attracted me. (I) just paid my money, wasn't paying attention to the movie just	318
319	went on in and got about three rows back right from the screen. Here was some idiot up there	319
320	waving a bible all over the place and flash bulbs going off and it was a movie called The Cross and The	320
321	Switchblade and I was as mad about this... 'What am I in too now and stuff' and so on. I started	321
322	getting intrigued with the character named Nikki Cruz and I guess I probably got everyone in that	322
323	theatre mad at me because I kept yelling at Dave Wilkerson. "Stay away from him preacher stay	323
324	away from him leave him alone he's just fine the way he is." All the way through the movie cursing	324
325	this guy out and telling him to leave Nikki Cruz alone. Finally, something very weird happened. Now I	325
326	knew that Christians talked about being born again but then born again was a phrase used by the	326
327	Masons and a phrase used by the Witches it didn't mean anything, but we had been taught by the	327
328	Doctrine of Astrology (which by the way it takes three things to practice witchcraft, Astrology, Herbs	328
329	and Jewry or Talismans'. So Witchcraft and Astrology I learnt from a very early child and one thing I	329
330	was taught was, I was born a set personality. The stars had decided what my personality was going	330
331	to be like and there was, no way, no right in witchcraft , no nothing that would ever change my	331
332	personality. If I was bad, (I didn't consider myself too bad and after all I could have been a Christian	332
333	and that would have been terrible, (jonnie is being facetious here, refering to how wicthes hate the	333
334	idea of even being referred to as a Christian). So I sat there and I watched him and he changed he	334
335	wasn't just saying I'm born again he changed. Now listen to me tonight if you walked the aisle and	335
336	you'd given heart to God and there wasn't a complete turnaround a complete change and you went	336
337	back to the way that you were five minutes before you walked that aisle something is wrong. I'm not	337
338	a Billy Graeme that will have you say three words and will say you're saved. It's in the fruit and if	338
339	there has not been a change in your life something's wrong. And I got up and I walked out of that	339
340	theatre in utter confusion. Here was another thing that was in the word of God that was happening.	340
341	I walked on out, a man walked up, (about a dozen of us were walking out of the theatre at one time).	341
342	He walked up and he passed one track out and he gave it to me he turned around didn't say much he	342
343	said "This is for you." He turned around and walked off. The track was called 'Bewitched'. I sat there	343
344	and I read it. 'This guys pretty smart he said that bewitched was put on by the witches. I said (to	344
345	myself) 'well I knew that my foster mother was one of the producers. I practically grew up on the	345
346	set.' I sat there and (I looked at) the rest of the track. 'Ouija boards being run by demons?' Well we	346
347	knew that that's why witches didn't use Ouija boards we let the Christians use it. So I read on but the	347
348	one thing I could not get over was this Hell thing, with the flames and the devil because witches don't	348
349	believe in the devil Satanists do not witches, so I said 'Ahh this guys so right but he's probably a	349
350	dumb Christian' and threw it in the water walked on. I Started to go back to my apartment, got into	350
351	the casino building, heard the music coming from one of our night clubs there called the 'Club	351
352	'Aquarius'. I decided to go on over, nobody there that I knew accept the staff, so I went on back and	352
353	locked the door to the mangers office and I sat down I said 'I got to think this thing out. I got too talk	353
354	to a Christian.'(I was talking to a man today, Jack Chick and he was going over all the people that he	354
355	had found in his investigations that were on the illuminati's pay all, that were ministers, suppose to	355
356	be fundamental ministers. I said "I know Jack." He knew my testimony. I said "My biggest problem	356
357	was I spent two hours trying to think of a pastor in the town that we did not have on our pay all.'	357
358	They were pastors, (however) that's why I didn't know them because they weren't on our pay all.)	358
359	Then finally I remembered that just the night before one of our witches, which was a prostitute in	359

360	the area in down town San Antonio. (She) had come in screaming in the Club Aquarius and I wasn't in	360
361	the mood to hear any screaming particularly from her at the moment, going through withdrawal but	361
362	she was complaining that she was going bankrupt and what the problem was (her area was over by	362
363	the greyhound bus station, and she'd be over there prostituting and some idiots from a Christian	363
364	coffee house would come over and preached to the guys as she was propositioning them). That can	364
365	really put you out of business. I mean no servicemen is going to walk off with a prostitute with	365
366	somebody telling him about Hell at the same moment. So she decided we had to do something about	366
367	the place and I told her to get lost but I remembered it. I said (to myself) "Well that's only eight	367
368	blocks away and its only 2 a: m in the morning, nobody can be in bed at two in the morning, (witches	368
369	are nice people you know?) (so I) took off walking on over there. The place had a reputation of its	369
370	own. Just three months earlier it had been a polets place show bar with strippers in it in fact. This	370
371	preacher said "Enough is enough we don't need this down here." He goes in jumps up on the bar	371
372	stool on the bar, shoves two strippers in the middle of their act off the bar and starts preaching.	372
373	Fifteen minutes later the two strippers had pulled the curtains down off the wall (and) wrapped them	373
374	around them(selves) kneeling down at the bar, given their heart to the Lord. (They are still Christians	374
375	this day by the way I know them). (So) the man and women that owns the place is praying given their	375
376	heart to the Lord, three members of the four piece band and two of the three bar tenders and about	376
377	fifteen of the customers. That's a quick revival. I'd like to have a revival that quick. So I went on over	377
378	there now they had turned the deeds of this place when they had got saved. This is what I mean	378
379	about change in your life. They could have rented the building out. They took the deed and they gave	379
380	it to one of the Baptist churches in the area and said 'Do what you want you want with it'. Just	380
381	turned it into a Christian Coffee house. What better way? So I went over opened the door and it was	381
382	suppose to closed at midnight. It's on the sign but the doors are unlocked and one guy was there	382
383	bent over the coke fountain, (you know they'd changed the booze over for coke that what's many	383
384	Christian have done) and he was sitting there working on the coke fountain and I went on in and we	384
385	started talking and he started witnessing to me. Now I have nothing against the four spiritual laws or	385
386	any set plan like the Roman trail or anything like this, they are fine. They've won thousands of souls	386
387	but that particular plan didn't mean anything to me I wasn't even interested in it because mainly I	387
388	didn't believe totally the word of God and I wanted something that would deal with my immediate	388
389	problems and I wasn't hearing anything. Finally, he realised that he needed some help so he called	389
390	up the pastor. Now as everybody knows, nobody calls their pastor at three in the morning do they?	390
391	No just all the time. So he called him up and the pastor said we've been praying and fasting for this	391
392	guy along with other churches aswell, get right on him. I imagine he probably called up a bunch of	392
393	people then he came back and said 'Now Lord this is out of my hands, the man's name was Claude	393
394	Elmet. He said "This is out of my hands I don't know the first thing about witchcraft. I don't know the	394
395	first thing about the devils kingdom but you do, and he quoted Luke chapter ten, where the Lord saw	395
396	the devil fall from heaven. We had power over the devil. He said. 'You were there when it happened,	396
397	you educate me right now what scriptures do I give this man?' And he said I'd like to read you	397
398	something and he opened his bible to 2 <sup>nd</sup> Timothy 1:7. It is the best scripture in the world to witness	398
399	to anybody in the occult because when you are in the occult there is one thing that you do not have.	399
400	You do not have a mind without fear. Twenty four hours a day, you live in a nightmare world and	400
401	you try to convince yourself by brainwashing yourself that you're not un happy and he sat there and	401
402	he said. 'God can remake your mind and take away the fear.' And when he said take away the fear I	402
403	said. "Let's get with this thing right now". And he started praying with me and helped me in the pray	403
404	of salvation and I remember when I closed my eyes I said "Lord I want your forgiveness, I want miss	404

405	Hell. I believe in it now, but I want you to take this fear out of my life." I was shaking, scared to death	405
406	somebody was going to walk through the door any time and see me in this place and report me. I	406
407	said. "Lord take the fear away" and when I got up out of there I didn't have any fear. In fact I went	407
408	back went right back in my apartment and sat down. Took a bible with me and when I went down,	408
409	the next day I was reading the bible walking into the occult store. The fear was so far gone I almost	409
410	got myself killed. When God does it he does it right. Now we've been trying to minister to people in	410
411	the occult for a long time we've really been spending our wills for five and a half years. We gotten	411
412	about five hundred people saved, about fifty of them have been killed. When I was here last time	412
413	we'd been in pray for about two weeks for an idea that we felt would work and that was a retreat for	413
414	those in the occult to go too. This Monday on their new years day, it couldn't have been arranged	414
415	better we didn't do it on purpose but it was perfect. When their whole grand druids were meeting	415
416	our rehab centre opened. The first candidate is already in it right now. Coming from Marilyn is a girl	416
417	that is the second most powerful person that had ever left the illuminate, Philip Rothschild's own	417
418	girlfriend, (his) teenage girlfriend (is) leaving. She left the occult from the 11 <sup>th</sup> riches family. TAPE	418
